DTX 60

Dynamic In-Ear Headphone

Features

- In-ear design
- Precise bass response
- Mini stereo jack plug (3.5 mm)
- iPhone compatible
- Supplied with three pairs of silicon ear pads in different sizes
- With style softcase

Description

The DTX 60 is a dynamic top-of-the-range in-ear headphone: efficient Neodymium acoustic drivers provide a powerful music reproduction within the whole frequency response; furthermore, the DTX 60 provides an extraordinary precise bass response. The 3.5 mm special plug allows connection to all standard MP3 players and MP3 mobile phones with a 3.5 mm jack (also Apple iPhones with small jack).
Delivery includes three pairs of silicon ear pads in different sizes, a style softcase and a clip to attach the DTX 60 to the clothing. The DTX 60 is the ideal musical companion in noisy surroundings to make sure that you only listen to the sound you want to.
